

H.E.A.L. Programme (Holistic Equine Assisted Learning)

Home on the Range is a not for profit community enterprise based at Misty Blue farm.

Alongside our riding school and pony club activities we have developed a number of programmes to allow ponies and horses to be more accessible to the Community by delivery innovative holistic activities that are enhanced by being in the great outdoors.

We aim to work in partnership with local schools to give children opportunities to engage with horses as part of their curriculum from PE, PSHE, Numeracy, Literacy, Art and much more.

For example:

- Riding Lessons as PE
- Art & Craft
- Life skills equine assisted teaching
- Rewards trips & enrichment
- Afterschool & Holiday club

Why paint paper when you can paint a pony!

Both children and ponies alike enjoy our fun activities working with our real life ponies; children can express their creativity using a range of different materials and textures.
